“You can move it, you can change it, you can interlink it, there are endless possibilities... I can't see a limit to what the teachers and children can get out of Snug”

LAWRENCE PRICE, HEAD TEACHER, KEYS MEADOW SCHOOL

snug
playgrounds

Snug is a radical new approach to play equipment which changes the psychology of the playground.

In addition to Primary School Playground's, Snug is ideal for creating a dynamic and exciting playscape in early years settings, Sure Start & Children's Centres but also ideal for use as a mobile play unit as it consists of loose parts that can be moved around quite easily.

“Be careful
come away
from the
sharks!”
